How to Use Shuffle Cards

Revise for Success Shuffle Cards provides a new and attractive way to get students **revising and practising** what they need for GCSE. As a group activity, it will greatly assist in making sure motivation is shared. There are 10 activities in the book.

Designed with busy teachers in mind, the activities are ready-to-go and all the answers are included. These resources not only perfectly meet the needs of the modern mathematics teacher, but also those of the dedicated and supportive parent at home. Packed with visual appeal, these activities will be perfect for even the most reluctant pupils, because they will help focus revision and convince them that they can **improve,** and that **effort will lead to reward**.

Instructions:
Teacher Preparation and The Rules
– Cut out the 16 cards along the dotted lines and make them up into packs
– Print out a 'Pupil answer sheet' for each group
– Have answer slide available
– Hand each group a pack of 16 cards and a blank answer sheet
– One group member shuffles the pack and places it face down in the middle of the table
– One member turns over the top card and shows it to all team members
– Pupils work as a team to find the solution and write their answer on the 'pupil answer sheet' provided
– Allow the pupils an allotted time (dependent on ability)
– The teams swap answer sheets and mark the questions completed.

Areas covered: Algebra, Number, Ratio and Proportion, Geometry and Shape and Statistical Data.

Possible uses: starter task, conclusion to revision session, co-operative revision sessions at home.

More Revise for Success Resources
Looking for ways to hook your students as soon as they enter your lesson? Maybe you want to challenge them right from the off? Or perhaps you want to simply include regular revision tasks into your weekly planning? The *Revise for Success* series of 10 books provides many ways to motivate students of different skills, experiences and achievement targets. For full list see the list opposite. And now you can buy individual worksheets to try!
